THE STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the School District in the town of Swanzey qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the seventh day of March, 1955, at 8 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
6. To choose Agents, Auditors, Committees in relation to any subject embraced in this warrant.
7. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
8. To see if the district will choose a school planning committee of five members, this committee to work with the school board in investigating possible future plans for the Swanzey schools and to report its findings at the next annual meeting.

9. To see if the school district will instruct the school board to employ a full time teacher to teach music in the two Swanzey schools and to raise and appropriate the sum of three thousand dollars (\$3,000.00) for that purpose in addition to the regular school budget. (Inserted by petition).

Given under our hands at said Swanzey, this 14th day of February, 1955.

LITTLE RED POORHOUSE

By 1965, unless school funds match increasing enrollments, the U.S. will be a pauper in the midst of plenty. So declared the National Citizens Commission for the Public Schools, in a sobering 62-page forecast on school finance issued last week. Key facts and figures.

If the present tendency toward larger families continues as predicted, 48 million children will be of school age (5 to 17) by 1965, one-third more than this year's total. Merely to provide them with 1954-style facilities will boost annual school expenses from around \$10 billion to at \$13.5 billion.

To absorb the increase in pupils and bring all substandard school expenditures up to the present annual average (\$247 per pupil) will require another \$1.2 billion.

A total of \$17.1 billion will be required for all U.S. public schools to match the 1954 top outlay (by New York State, which spends \$356 per year per pupil).

Even spending \$17.1 billion on education will hardly put a strain on the nation's pocketbook; by 1965 the U.S. is expected to produce \$525 billion worth of goods and services (1953 figure: \$365 billion).

How can the nation tap its increasing wealth for more public schools? The Citizens Commission takes no sides; either state or federal revenues "can provide the increase in the amounts required to educate 48 million children in 1965. The problem is to select the best (combination) to meet education requirements . . . at the local level without federal control."

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Swanzev :

I have the honor to submit my eighth annual report.

Teachers: Two new teachers were present as schools reopened in the fall. Mr. Laurence F. Reney, a graduate of Keene Teachers College, was elected to the seventh grade position at the Cutler School. He replaced Miss Winifred B. Sargent who had reached retirement age after giving years of devoted service to the schools of Swanzev and elsewhere. Miss Sargent's many friends will be pleased to know that she is teaching remedial reading at present in the town of Hudson, New Hampshire.

Mrs. Lois F. Plimpton was elected to teach one of the second grade divisions at the Mt. Caesar School. Mrs. Plimpton is a graduate of Keene Teachers College.

Buildings and Grounds: Since the increasing enrollments at Mt. Caesar School made it necessary to have two divisions of grades one and two, the Wilcox School was reopened. The Swanzev School Board felt that it would be better to have grades seven and eight housed in the Wilcox School and the lower six grades in the Mt. Caesar School.

Every effort has been made by the Swanzev School Board to have the accommodations at the Wilcox School approach as nearly as possible those at the new school. Both classrooms were completely painted. The floors in the classrooms and hall, as well as the stair treads, were sanded and refinished. The lunch room was painted. New electric lights with increased candle power were installed. An entirely new oil fired heating system is now in operation. The exterior trim was painted to improve the appearance of the building. The same type of movable furniture as that in the new building is in the Wilcox School.

The two rooms in the front of the Cutler School were completely painted during the summer. The floors in these two rooms and in the front hallway were sanded and refinished. The teachers' room was redecorated.

In addition to the above improvements, the usual maintenance work in the buildings was done during the summer. This included washing all windows, cleaning and waxing the floors, cleaning all walls and electric light fixtures, etc. The custodians are to be commended for their excellent work.

Our school buildings are at present in the best condition they have been in a long time. The Swanzey School Board is to be congratulated upon its endeavor to maintain Swanzey schools in the best possible condition.

A study of the above tables would indicate that our housing facilities are quite adequate for the immediate future. The picture could change, however, if Swanzey's population should continue to grow.

Serious thought should be given by Swanzey citizens to long range planning for their school program. It is significant that the item for high school tuition in next year's budget is almost \$60,000. Should Swanzey consider the possibility of perhaps a local junior high school? Would a cooperative high school with towns such as Winchester and Hinsdale be a feasible answer? Is the present arrangement the best, after all? These are some of the questions which might be explored by the school planning committee. Sound, careful thought should be exercised in formulating any given plan since hasty, ill-advised decisions can be calamitous.

Miscellaneous: The instruction of handwriting in Supervisory Union No. 25 has been lacking in uniformity for some time. Expert supervision in this important tool subject has been deficient. Consequently, the four school districts of

Hinsdale, Richmond, Swanzey and Winchester engaged the services of the Rinehart Handwriting System for the elementary grades. Improvement in the writing of the pupils is already noteworthy.

The state legislature will soon be considering various plans for state aid to education. It is to the advantage of Swanzey that its representatives press for increased state aid. School costs are not going to decrease. In fact, they are increasing all over the country. The property tax is heavily burdened and approaching the saturation point. The New Hampshire Social Welfare Council has advocated a state aid program totalling \$3,250,000 annually. The New Hampshire School Boards Association has passed a resolution endorsing this proposal. Swanzey will benefit from such a state aid program. It is to be hoped that the legislature will see the need for it and vote accordingly.

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, the Swanzey P.T.A., the School Board, the School Building Committee and to the patrons of our schools for their cooperation.

Respectfully submitted,
CHESTER C. LEES,
Superintendent of Schools
